

MUTUALS OF NORTH WEBER TO GO TO PLAIN CITY

The Mutual Improvement boards of the North Weber stake are making plans for the annual M. I. A. Day which, as in the past two years, will be held on May 30, at Plain City. The program already has been arranged and is appended and the committees will work from now on to get the different wards and associations to participate with their full membership. The annual M. I. A. day has become an institution in the North Weber stake and has heretofore proven a big success. The adaptability of Plain City as the place to hold such a celebration has been added to by the erection of a new dance hall and in this hall the closing event of the day will be held. It is thought that 5000 people can be handled during the day on the grounds, but this year the committee has decided to eliminate the luncheon feature and the people will be asked to take their own lunches to the grounds.

The Boy Scout committee is arranging for the Scout squads from the different wards to "over" to Plain City on the evening of May 29 and to remain there over night so as to raise the national flag at dawn. The remainder of the program will be as follows:

Each ward should have a good wide-awake man to look after their team or teams. This man should be held responsible for teams and have their men ready and on the line on time, for the men not ready will lose out and the men ready will be taped off on time.

Any man found fouling any other man or in any way playing crooked while in an event or on the field will lose out in the event and will not be allowed to enter in any other event that day.

Any man that raises a disturbance to cause any delay over the discussion of the judges, will not be allowed to take part in any other event and will lose all points in that one.

Each ward must send a list with the names of each member of the teams to the stake committee at least one week before the meet; also, give number of Juniors and seniors.

One person will be allowed to enter in three events, and all three, if won, will count as points for the ward team. A first in each event will count as four points; a second as three points; and a third as two points. The relay race will count as nine points if only two teams enter.

We will have the right to make and enforce any rule that we see fit to make the day a success and to carry out in order the following events:

Juniors Meet 10 O'clock A. M.
50-yard dash.
Running broad jump.
100-yard dash.

PITCHER HALL AND SECOND BASEMAN RELEASED

T. H. Carr, Dr. H. M. Rowe, and Judge A. G. Horn, who are working as a "boosters" committee from the Weber club for the big celebration to be held on the opening day of the Union association schedule, April 28, held a special meeting this morning and discussed plans already made and others to be made in connection with that event.

After the meeting the announcement was made that letters would be sent today to the mayor, city council and Commercial club of Murray, Utah, to join the people of Ogden in celebrating the day by showing the Murray team that their townsmen are behind them, as the Ogden "Boosters" intend to give the local club the same impression. It is also intended, according to the plans of the committee, to have the mayors of the two cities act as a battery to open the game on the 28th.

The committee also intends to take steps to interest the people of Brigham City to attend the game. The interest of local businessmen already has been enlisted to such an extent that the committee was able to announce this morning that many of the principal business houses of the city would close at 3 p. m. so as to enable both employers and employees to reach the park before 3:30.

The plans for a big parade are also well under way and it is expected this feature will be one of the main attractions of the day.

CHRISTIAN SCIENCE CHURCH TO BE ERECTED

The First Church of Christ, Scientist, has planned an edifice for church purposes on Twenty-fourth street, between Madison and Monroe avenues. It will be a one-story building of brick and will be an architectural ornament to the district where it will be erected. It will be situated on the north side of the street.

The dimensions of the building are 55x75 feet. The cost is estimated at \$6500.
Another building of no mean pretensions is in course of construction on Wall avenue, between Twenty-fifth and Twenty-sixth streets by J. Lougic, which will cost in the neighborhood of \$9000. It is being erected on the east side of Wall avenue and will be two stories high with a basement, 30x65 feet.

Frances A. Woodbury is building a residence on Farr avenue, between Twentieth and Twenty-first streets, that will cost in the neighborhood of \$1500.

VAGABOND TREATED TO A BATH AT THE COURT HOUSE

Old man Jim Rainey, who for the past number of years has been the guest of a number of states and many counties as a vagabond, has departed for Salt Lake where he will sojourn until such time as his "welcome" plays out, when, undoubtedly he will be given transportation to some other part of the state. It is said that his real home—the place where he spent most of his boyhood—is somewhere in southern Utah. This statement, however, is not altogether authentic, as it is quite certain that if any of the officers knew where "Jim" was born he would be given transportation to that place.

Rainey has been a visitor to Ogden before. At one time he was given an auto ride to the county poor farm but, while he enjoyed the ride, he did not care to live at Roy, so he came back to Ogden, since when he has traveled much.

Rainey returned to Ogden from Salt Lake a number of days ago and it was no little undertaking for the sheriff's force to get him scrubbed and cleaned. The bath was of good warm water and some mixture of soap and then

the "bug juice" was turned on. His beard was trimmed and his hair shingled. All his clothes were burned and he was fitted out with a new outfit, from the crown of his head to the soles of his feet.

JOHN P. O'NEILL AIDS CARNEGIE FREE LIBRARY

The Carnegie library has found a new and valued friend in Contractor John P. O'Neill. The north and east basement windows were walled with brick when the building was erected and the moisture had caused these to become loose and they were falling in. The board of directors consulted Mr. O'Neill and he offered to do the work as a donation.

The men finished the windows yesterday. In all nine loads of concrete were used.
It is only by such economies that the list of new books continues to be a growing one. There will be about sixty new books on the shelves as a result of John O'Neill's generous remembrance.

DR. SILCOX HAS MADE DEEP IMPRESSION ON PEOPLE

Dr. Silcox will close his series of sermons today with a sermon upon "A Man Who Regained His Manhood." This will be delivered tonight at 8 o'clock in the First Presbyterian church.

Dr. Silcox will conduct the last of the 4 o'clock meetings in the same church this afternoon, the theme being a "Conference on Personal Evangelism."

The sermons yesterday in the First Baptist church were marked notably by the thoughtfulness and fervor of the messages delivered, and by the large attendance as well. Probably no man has ever made so deep and helpful an impression on the church-going people of Ogden in so short a time as has Dr. Silcox. A new and deepened religious spirit is already noticed as the first result of these union services.

The meetings today will commence promptly on the hour and a large attendance is expected.

ECCLES AVENUE TO BE ORDERED PAVED BY THE CITY

The city board of commissioners, at a regular meeting this morning passed a resolution providing for the concrete paving of Eccles avenue which extends from Twenty-fifth to Twenty-sixth streets, between Jackson and Van Buren avenues. The resolution provides that the concrete shall be six inches thick and in the same form and texture as that to be placed on Twenty-seventh street, be-

tween Washington and Jefferson avenues. Notice of intention will be published immediately.

Upon the report of the city recorder that there had been no protests against building sidewalk in district No. 127, it was ordered that bids be advertised for. This district extends from Wall to Kings avenues on Thirtieth street.

The claim of the Carnegie Free library for \$1500 was allowed and the auditor instructed to draw a warrant for the amount. A claim for \$5 for postage was also allowed and ordered paid.

TWENTY DAYS GIVEN FOR CARRYING A WEAPON

In the police court this morning John Polus was sentenced to serve a term of 20 days in the city jail for carrying a concealed weapon. Polus was arrested at 12:55 a. m., today by Officer Shumaker and when searched, a .25 caliber Mauser automatic revolver was found on him.

James Murphy, a drunk, was given a ten-day sentence. Murphy is an old offender and was arrested early this morning by Officer William Brown.

CHILD CULTURE CLUB
At the State Industrial school yesterday afternoon Mrs. E. G. Gowans entertained the ladies of the Child Culture club. Modern Education for Women was the subject of a lecture by Dr. E. G. Gowans, after which the ladies were escorted by Mrs. Gowans to the girls' cottage at the school. The girls were taking their daily course of physical drill and the visitors expressed their appreciation of the exhibition.

Upon returning to Mrs. Gowans' apartments a musical program was

rendered. Tosti's "Could I" was beautifully sung by Miss Irma Brown.

Two piano solos by Miss Myra Shreeve called forth much applause, the first, "Pavillon's Blues," by Nasseget and the encore, "Reverie," by Scraw.

Following service of a dainty luncheon the club adjourned to meet with Mrs. George Glen in two weeks.

SQUIRE COOP WILL ENTERTAIN

Prior to leaving on Saturday, April 25, for a six months' visit in Europe, Professor Squire Coop will entertain at an afternoon tea Friday from 4 until 6 o'clock, in his studio in this city. The pupils and friends of the professor are extended this invitation to be present. The Misses Lillian Wright, Beatrice Brewer and Maude Ziemer will assist Mr. Coop in entertaining.

DAUGHTERS OF PIONEERS

A business meeting of the Daughters of the Pioneers was held yesterday at the home of the president, Mrs. Mary Richards on Fowler avenue. Monthly company meetings were arranged for the first meeting to be held April 28. Two books have been purchased by the lodge, one in which relics are to be registered at the Carnegie library and the other in which visitors to the relic hall are to register their names. One hundred and fifty-three relics have been gathered during the last two years, among which are the signatures of the Prophet Joseph Smith, Oliver Cowdrey and Sidney Rigdon. Many articles made in Nauvoo are also on display.

At the meeting yesterday the following ladies were present: Mesdames Josephine West, Sadie West, Evelyn Woods, Rithia Douglass, Dora Holther, Ray Middleton, Elvira Rich, Millie Flygare, Rose Ballantyne, Eliza Child, Pearl McFarland.
Mrs. Pearl McFarland, daughter of Mrs. Richards served delicious refreshments following the business meeting.

DR. KINGSBURY SAYS BOYS ARE MADE OLD BY DRINK

Special exercises were held this morning at the Weber academy, the occasion being the visit of President Kingsbury of the University of Utah. After several musical numbers, Dr. Kingsbury addressed the students.

He began with a swift survey of conditions in Utah during the first decade after the pioneers entered the valley. He next discussed early educational history, showing that it took definite shape in the founding of the Deseret university in 1858.

From these general topics, the speaker narrowed his address to the value of moral education; contrasting conditions in Mexico, with conditions in our own land, and showing that the real reason for Mexico's terrible condition today is the absence of moral safeguards to life and liberty.

Dr. Kingsbury next adverted to the relation of food and drink to educational advancement. He dwelt at length on the effect of alcoholic beverages. A quarter of a century ago the impression was given out by German scientists that there was really a food value in wines and beers, and this notion led to the widely extended use of these beverages, not only in Germany, but throughout the world.

Investigations a year or two ago by scientists in Germany reversed all this completely. By extended experiments, it was shown that there is no food value whatever in alcohol. Nor is alcohol even a stimulant, like tea or coffee. Experiments invariably showed that work, both physical and mental, was retarded, and not accelerated, by alcohol. The conclusion was inevitable. Alcohol is a narcotic, or poison, and nothing else.

The speaker next showed the effect of tobacco on the human system, and brought out the astonishing fact that a man at 20 years of age is often older than another at 60, that is, if age be judged by the hardening of the arteries and other tissues by narcotics. A man may become old before the period of youth has fairly begun.

Dr. Kingsbury later in the day visited and addressed the graduating class.

HUERTA CENSORS ALL MESSAGES

Every Wire Out of Mexico City Strictly Watched by Government Operators.

CODE IS PROHIBITED

Correspondents Threatened With Jail Sentences—Zapata Again Causing Trouble.

Mexico City, April 15.—(Via Havana, April 22).—A dispatch was sent by mail to Havana in order to avoid the censorship established by General Huerta, which is more strict than at any time heretofore. It says: "Every telegraph wire out of Mexico City—commercial, railroad or cable—is now watched over by a censor chosen from among the most reliable and intelligent men in the government telegraph service. These censors frankly inform would-be senders of dispatches that it is not a question of the veracity of the messages, but is merely a question of suppressing all news not favorable to the government."

Code Messages Prohibited.
"Code messages are absolutely prohibited, with the exception only of bank telegrams."

"Newspaper correspondents were given to understand that if they were detected in using subterfuges to evade the censorship they would find themselves in jail."

"The railroads ceased some time ago carrying freight to the north, as the limited supply of fuel oil on hand made it necessary to conserve it for the movement of military trains."

"Considerable apprehension has been aroused in the capital by the movements of Emiliano Zapata, the rebel leader in the south, who, after gaining undisputed possession of the state of Guerrero with the exception of the port of Acapulco, has shown indications of moving northward. The southern rebels have recently gained considerably in numbers and it is feared they may become formidable enough to venture an attack on the federal capital."

CARUSO SUED FOR BREACH OF PROMISE

New York, N. Y., April 21.—Summons and complaint of a suit for breach of promise of marriage were served upon Enrico Caruso, the tenor, today, in behalf of Miss Mildred Moffett of this city. The damages asked are \$100,000.

Alfred F. Seligsberg, Caruso's counsel, said tonight that the suit would be contested.
